

Nelson Steel

a division of **SAMUEL MANO-TECH INC.**
1895

Announcement

Date: November 12th, 2009

We are pleased to inform you that Nelson Steel and Bronx have formed a partnership for the design, build, and installation of pickling lines.

The combination of Nelson Steel's 38 years of experience in the design, supply, installation, and operation of pickling lines and Bronx's 65 years of experience in the supply of coil processing lines will provide our customers with practical design, advanced technology, and operational knowhow.

Peter Unwin, Graham Oakley, Cheryl Cattarin, Ajit Rayet, Neil Jones, Brian Lunn
